

# Call For Papers

# The 12th SEGJ

## International Symposium

### – Geophysical Imaging and Interpretation

18-20 November 2015, Tokyo, JAPAN

#### IMPORTANT DATES

❖ **Early March 2015**

Expd. Abst. opens

❖ **31 May 2015**

Expd. Abst. deadline

❖ **Early August 2015**

Registration opens

The symposium aims to share, discuss, and explore most recent results and ideas, and new directions in applied geophysics. Prospective authors are cordially invited to electronically submit original extended abstracts with up to four pages for publication in the symposium proceedings. From early March to 31 May 2015, authors may submit their extended abstracts via the symposium web site at: <http://www.segj.org/is/12th/>.

Planned topics include but are not limited to:

- Sensors and Acquisition Technologies
- Seismic/Geodetic Imaging Technologies
- DC/EM Imaging Technologies
- GPR Imaging Technologies
- Gravity and Magnetics
- Reservoir Characterization
- Environmental and Engineering Application
- Disaster Prevention and Mitigation
- Mining Geophysics
- Time-lapse/Monitoring
- Rock Physics
- Imaging/Interpretation Case Studies

Organized by Society of Exploration Geophysicists of Japan (SEGJ)
